

BINGO Templates

Use the BINGO Templates below to assist in reinforcing lesson terms and definitions or to create educational review tools for Education and Training, Hospitality and Tourism, and Human Services cluster courses:

- The entire activity should not take any longer than 15 -20 minutes
- Be sure to make a call list of the words and definitions students should know
- Allow students to fill in the blanks themselves at random
- Print as many cards as you have students (plus a few extra) on cardstock and laminate if possible to be able to reuse
- Set rules at the beginning of the activity and make sure students abide by them
- If you choose to read the definition or description to the words on the cards, require students to use term correctly in a sentence
- If the words on the card are called out, require students to define the term correctly
- **DO NOT FILL IN THE CARDS WITH TERMS AND SIMPLY CALL OUT THE TERMS**

When used correctly, this activity is an excellent instrument to check for student understanding.
