

Clothing Repair - Extra Credit

You have the opportunity to earn extra credit by actually repairing articles of clothing for yourself or others. This can be done during class time **IF** you complete your **Looking Your Best: Clothing Repair Booklet** early or you may opt to complete repairs at home. Repair may include seams, hems and/or sewing on buttons. If repairs are completed at home or belong to someone other than yourself*, the owner of the clothing item must rate and sign this document to verify that you completed the repairs.

Workmanship and Satisfaction; 3 = awesome, 2 = good, 1 = needs more practice.

*You can take pictures of your completed work or bring the actual garments to class.
