

Post-secondary Educational Options Reflection

Instructions:

On your own paper, write a reflection based on the post-secondary information you researched. Use the following guiding questions to write your reflection:

- What is your selected career/area of interest?
- What college, university or technical school is of interest to you? Why?
- What educational options did you discover that you had not previously considered?
- How can this information help guide your career path?
- How can you use this information in the future?

The **Rubric for Post-secondary Educational Options Reflection** provided will be used to assess your reflection.
