Types of Lodging Properties PowerPoint(tm) Project

Browse the internet and locate examples of each of the following types of lodging properties:

- Convention Hotel
- Luxury Hotel
- Resort Hotel
- Condominiums (individually owned or time-share)
- Extended-Stay Hotel
- All-Suite Hotel
- Residential Hotel
- Limited Service Property
- Motel
- Conference Center
- Lodge
- Bed-and-breakfast
- Hostel
- Campground

Create a PowerPoint, providing an example of each of the types of properties. Each example should include the following:

1. A picture of the property
2. The name of the property
3. The physical address of the property; city and state (we want to know where the property is located)
4. The type of property and the definition or justification for your selection
5. Highlight some of the amenities of the property.

Be prepared to present your PowerPoint to the class, and defend your choices. Select interesting properties in locations that you would like to visit or have visited.
